## PROGRAM NOTE

Before I found the title for *Mnemosyne*, my only goal was to create a piece of music that was more poetic than dialectic. Along the way I realized that the new narrative I had found was not unlike the recounting of an experience. I consider it a piece about memory.

## PERFORMANCE NOTES

All grace notes should occur before the beat.

All grace notes should be included in the performance.

Accidentals apply throughout each measure, as per usual.
